TWO DAYS COURSE
“THE PROFESSIONEL MEDIUM”
with Ria Hennink

TOURMALINE
School for Creative Spirituality & Healing

Sunday, April 14 and
Sunday, June 9, from 10:15 AM to 17:00 PM

You like to give your mediumship a new boost and make it more professional? These two Sundays we aim at strengthening the communication with the spiritual world. We learn to understand how the spiritual powers work with us to enable us to blend with the so-called dead so that we can express to the sitter what is necessary to communicate. In todays mediumship we need to be aware of what is important. What is the task of the medium and what is expected? You will have the opportunity to build your confidence and give private sittings. You will be pushed to leave your comfort zone and trust the spiritual world. Assessments will be part of the training, as well as public speaking. Both days can be attended separately.
