

DEVELOPMENT CLASS
"SENSITIVITY & THE POWER WITHIN"

with
RIA HENNINK,
Spiritual Medium & Artist

Saturday May 21 and Sunday May 22, on Zoom
from 5 – 7.30 PM / 11 AM – 13.30 PM (Eastern T. US)

During these two days we will enhance our awareness of the power that lies within us. We all have natural gifts that can be explored and developed. When we explore our sensitivity, we learn to be more aware of what we see and sense and we raise our intuition. Thus, we will be able to be an instrument to help others. At the basis lies the expansion of the knowledge of our own self and the world around us.

Moments of silence and concentration in our daily life are important, as through those, wisdom and mildness can be born. Such moments also belong to this class. With the exercises we will experience how the unseen world is just a breath away. The use of colors will be part of this course, as well as contact with our loved ones in the spiritual world. Get out of your comfort zone and explore the power within.

What you need to participate: pen, paper & color pencils
